STUDY REQUIREMENT

3 weeks, 2 hours per week

LEARNING OUTCOMES

- Investigate the wide range of stakeholders and many roles that influence a property development
- Debate the key issues affecting property investment, development and management
- Investigate, assess and report upon an example of property development in your local area
- Examine future trends and likely innovations
- Discover the range of career opportunities available within the property industry
- Reflect upon your own attributes and skills in relation to those potential career opportunities
- Explore the pathways available to you to begin your career in property

SYLLABUS

- What is property, why do we need it and how is it developed?
- Who gets involved when developing property?
- The key issues impacting the property industry and the role that sustainability, globalisation and technology play in property investment, development and management
- How the industry will develop in the future

- The career opportunities available: roles in the industry and how to start building a career in property
